

# **How an Apple Grows**

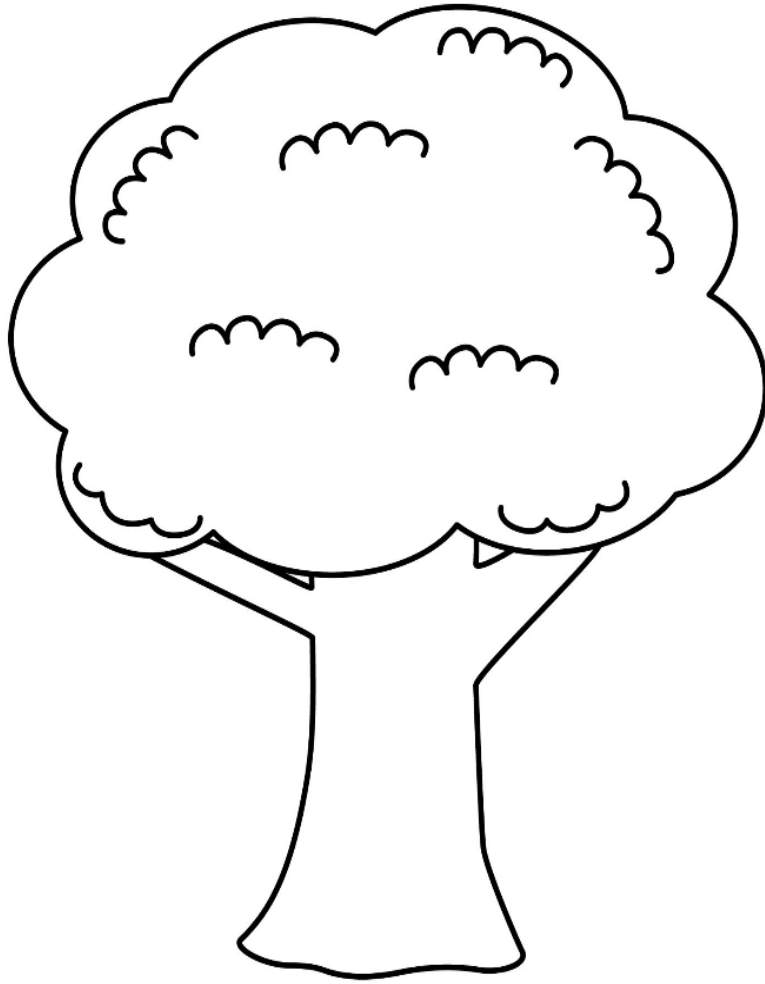

**An apple starts  
from a seed**

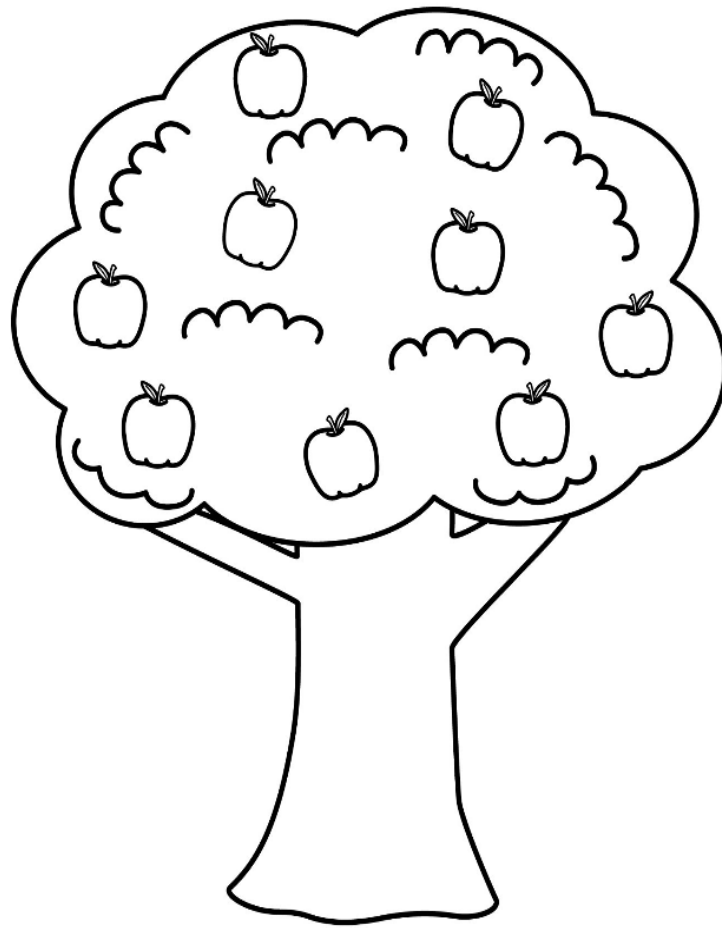

**Plant the seed in  
soil and give it  
water.**

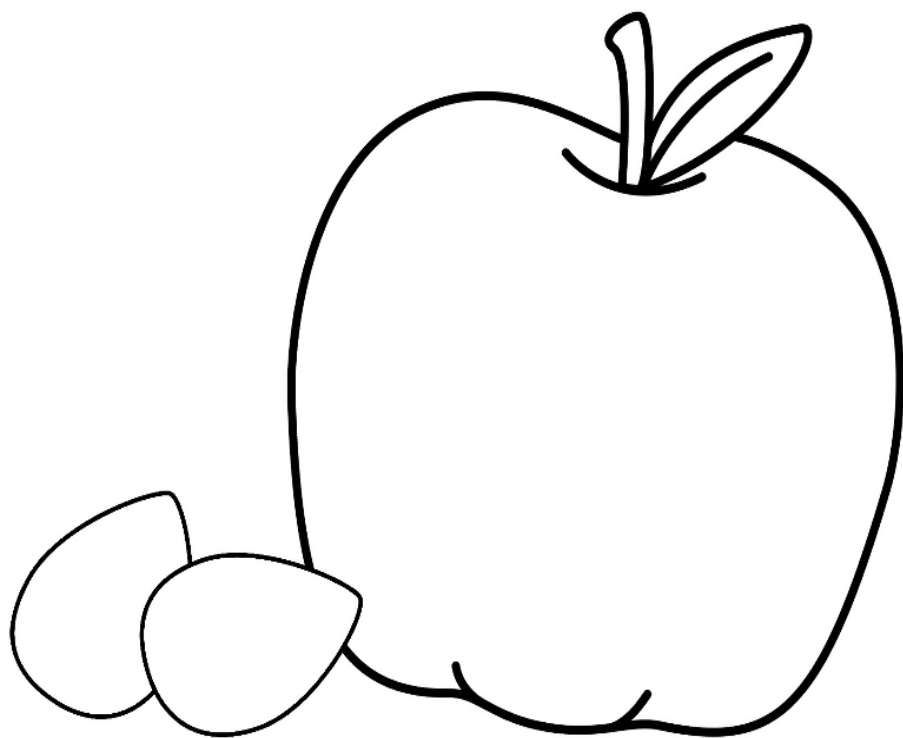

**Soon it will  
sprout a baby  
tree.**

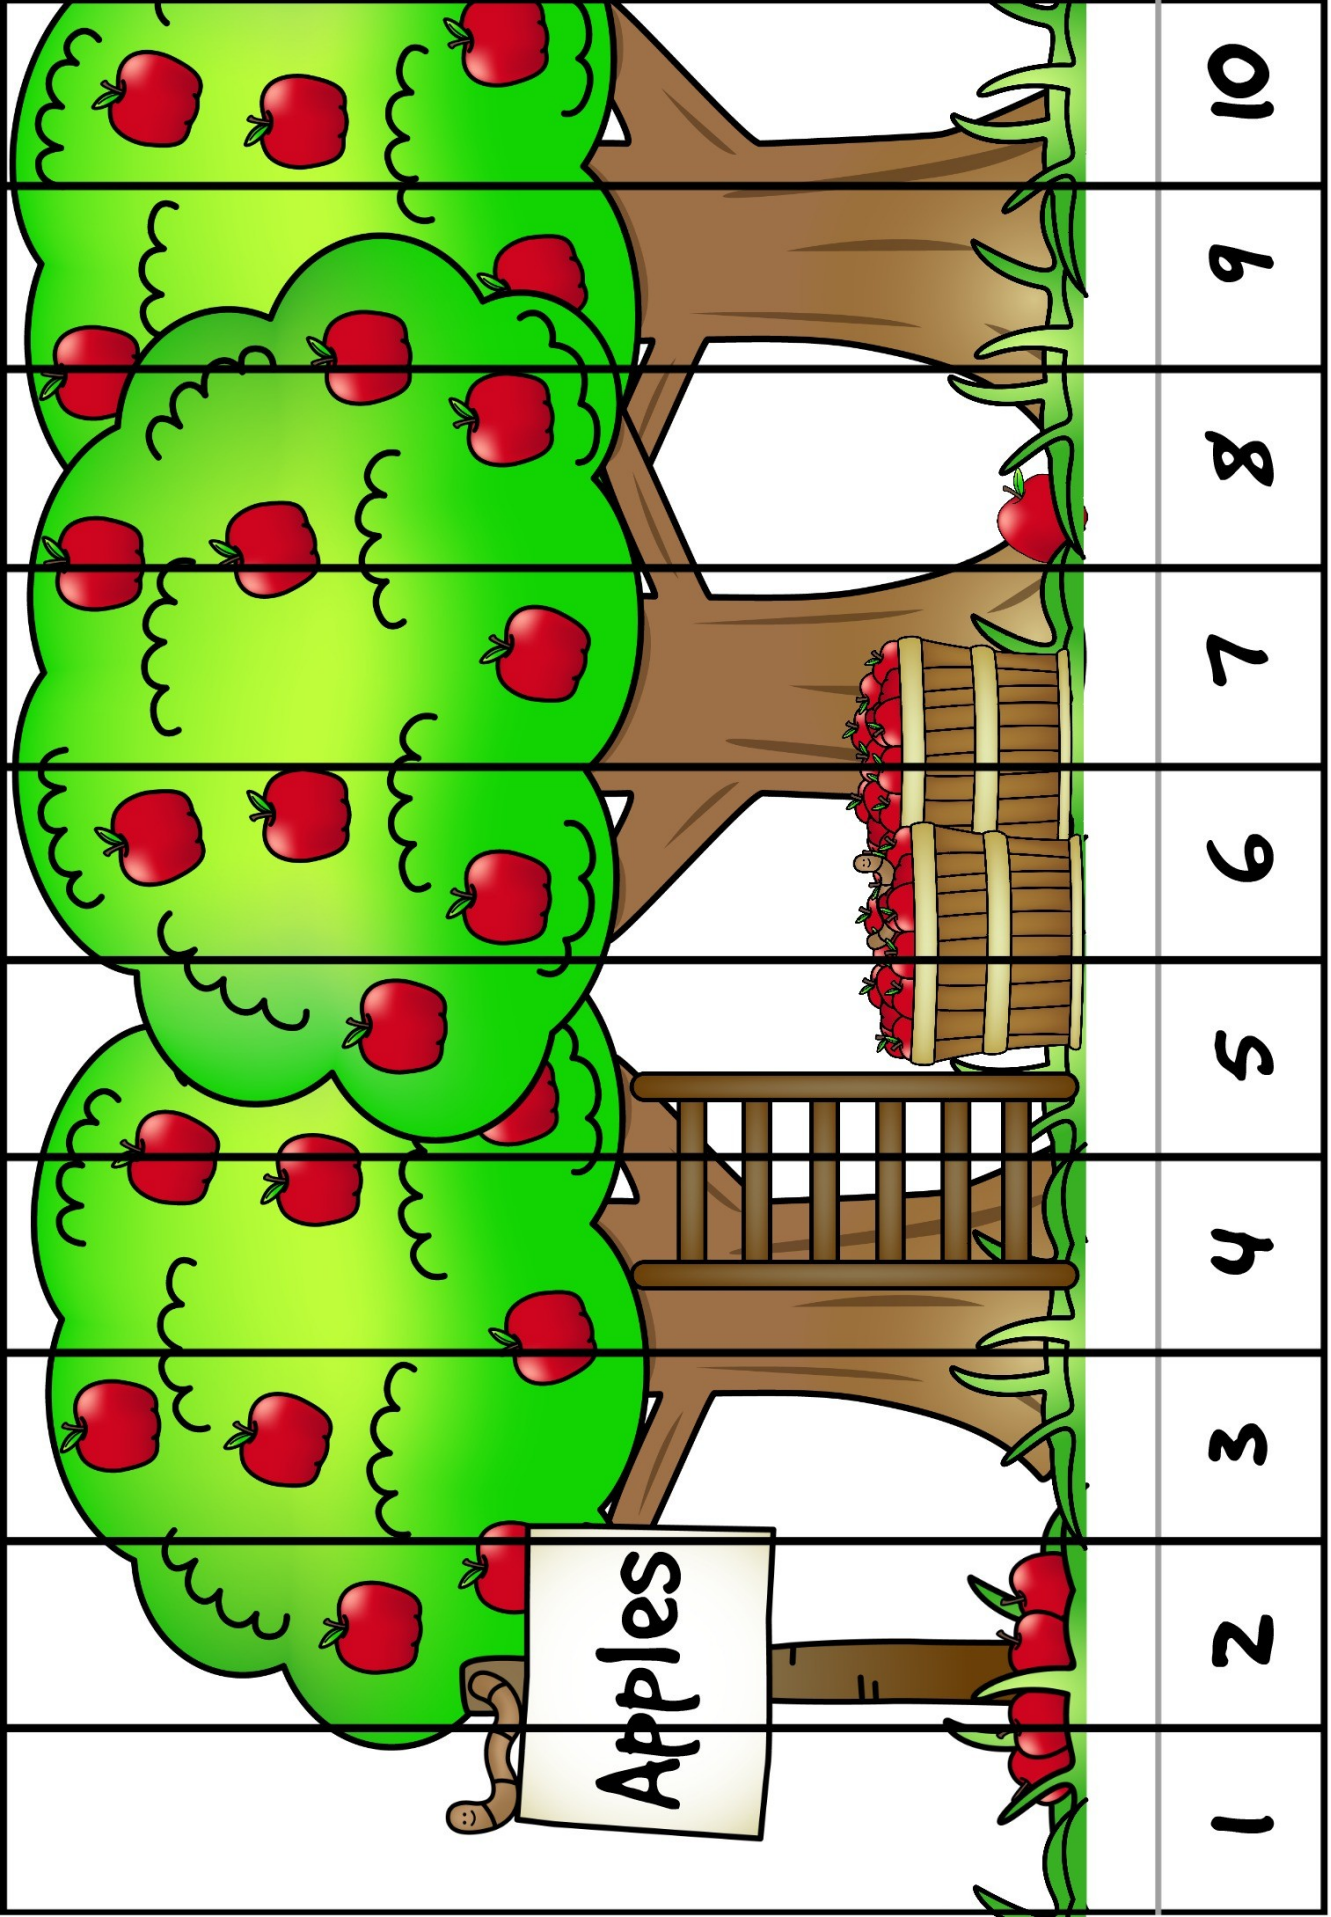

**The tree will  
grow big and  
strong.**

**One day the tree  
will grow apples  
of it's own.**

**Each apple will  
have new seeds.**
